From the Worthy Grand Matron and the Worthy Grand Patron

This is the second joint newsletter for the Foundation/SLC. There have been some changes since the last publication of this newsletter; the Board of Trustees has worked diligently to provide the best environment for our residents and to help them adjust smoothly to any transitions.

I have had the advantage of being able to visit the residents often this year, as I live in the area. Getting to know our residents and hearing their concerns for the place they call home has been a delightful adventure for this Worthy Grand Matron. The residents want you all to know how grateful they are to be living and having fun in the Senior Living Community. They are active and participate in projects that benefit the surrounding community.

The Northern Event, for the SLC and Outreach, "What Does Red, White, and Blue Mean to You", was a success. Thank you to all who assisted in the evening and shared their talents for those who attended. We are looking forward to the Summer Festival and dinner on June 7th, "Home on the Range". Come join in the fun and meet the residents as they share their home with us.

The Foundation Board has also been busy implementing the plans they set up last year to move forward on a five year plan. Our Director of Charitable Giving, Emily Clark worked devotedly on her first project, the Festival of Trees, and for the first time, the Festival donations and activities involving the community brought funds to the SLC. We are excited to see what she has in store for this year as she works to make the SLC and our charities known in the community and educate our members in the benefits available to them. We are certain that the Foundation will move forward successfully with their plans to enhance the value of our charities.

We thank you for embracing the J. Clifford Lee Memorial Cancer Fund, helping your Sisters and Brothers in their time of need. Our goal is to assist five members, and we are excited to be working toward this donation to the fund. You have given with your hearts to the Ethan and Teyler Totes Project and we are honored to be helping families who will benefit from this heartfelt project.

Brother Randy and I look forward and look toward the Grand Chapter Session, in VISALIA, and seeing many of you at the "Dance With Hope" session October 14 – 18. Thank you for your support and for choosing to dance in 2014.

With Hope, Joy, and Integrity,

Debbie Maiman
Worthy Grand Matron

Randall Cady
Worthy Grand Patron

from the desk of
 Terri Ewing

Here we are in the midst of spring already, and it's a wonderful time of year! To me, spring always seems to be a time of fresh starts, births (now is the time to get a new kitten!) and blooming flowers and trees. Spring is truly a time of Hope and Joy. "Hope" and "Joy" are especially significant words in our Order this year, and they are appropriate descriptions for what I am feeling about the California Eastern Star Foundation.

As I approach the end of my five-year appointment on the Board, I am joyful for all that has been accomplished (and I am very appreciative of the dedication and diligence of the many Trustees I have been privileged to serve with) and hopeful for the Foundation's future growth.

Key among the accomplishments is the finalization last year of a 5-year strategic plan to guide the Foundation from 2013 through 2017. We adopted four main objectives to help fulfill our mission "**to maximize our ability to make a difference for our members and our communities**":

- 1) To be Universally recognized as the philanthropic arm of the Order
- 2) Have California Eastern Star recognized in our communities
- 3) Have an effective and educated Board
- 4) Be Financially stronger

To assist in accomplishing these objectives, last summer Emily Clark, Director of Charitable Giving, was hired. With Emily's assistance, we have made great strides on our forward trajectory.

For the first objective, we have embarked on a couple new revenue-raising ventures, and reinvigorated a couple others. Emily has made it possible for members to donate their old cars and have the proceeds go to the Foundation, and she has developed a great relationship with Kohls, through which several thousand dollars have already been raised, along with making OES more recognizable. We are re-invigorating the brick project that raised over \$45,000 in the past, most of which was in 2008. Since the flyers and order forms were redesigned and have started to be distributed, we have already received a number of orders. Please see an order form in this newsletter so you, too, can order a brick. These are not only a great way to honor a loved one while raising some revenue for the Senior Living Community, but they look really nice lining the walkways! We are also reminding members about the Ruth's Harvest opportunity, for which members who donate \$1,000 will receive additional benefits. More information on this program is located in the newsletter. And finally, Emily has redesigned the Foundation brochures (enclosed) and we think the new version is very attractive, while providing a lot of great information. Please check it out!

In fulfillment of the second objective, several of the items listed above are also bringing OES exposure to the community. Besides those, Emily made a number of changes to the December Festival of Trees, in an attempt to draw in more outside visitors. Despite inclement weather, there were still a lot of new faces on the campus, and I'm sure there will be more next year. She is also putting a lot of work into making this year's Summer Festival bigger and better than ever, with more outside vendors, food trucks, and activities and attractions for all. I hope you can join us on June 7 for this fun and important day.

Regarding objective three, as I mentioned previously, the Foundation Board is active and engaged, and we are all determined to do the very best job we can. We are meeting regularly, and have many email communications between meetings. We are working cohesively with the Home Board and Finance Committee, and have had joint meetings. All of us have the Foundation's interests at heart, and want to be proactive and efficient stewards of the funds.

The progress of the above three objectives will enable us to succeed at objective four. Another exciting component that addresses everything above and more, is this newsletter. This is the second edition of the new format and, with the SLC Board, we plan to issue at least three newsletters per year. There was a good response to the donation envelopes included in the first issue, and we hope that as our members learn more about what we are doing, and hear stories of how assistance through the Eastern Star Foundation has improved our members' lives, donations will continue to increase so that we are able to provide an even greater level of service. After all, that is our mission.

Fraternally,

Terri Ewing
 President, California Eastern Star Foundation

23 IDEAS TO KEEP YOUR YEAR ON TRACK

A normal day in each of our lives may look like this: alarm clock buzzes and we hit snooze twice to steal another ten minutes of much needed sleep. We finally get up, groggy and still tired from the lack of a good night's sleep and a day too full of activities. As we get in the car, our minds are racing as yesterday's work crisis or the never ending to-do list weighs heavily in our mind.

At work we chase our inbox, step in and out of meetings all day, and start a project that is due in a few hours. Before we know it, it is 7:15 and we are packing up to go home. Many things left to do, but we set them aside for tomorrow. Before we know it, our stomach is growling and we realize we have been ignoring our hunger all day. Thankfully there is a chocolate chip cookie left in an open box on the kitchen table and that can hold us over until we get home.

Our days go by quickly. And, often not as we would have hoped. Throughout the year, we can sit back and reflect upon what we want to change or improve from the habits we have created. We are taking an opportunity now to evaluate, did we meet our New Year's resolutions? Are we getting everything out of each day we have hoped? Here are some of our ideas on how to improve. What will you add to our list?

1. *Get your full 8 hours of sleep*
2. *Wake up and eat!*
3. *Wash your hands more*
4. *Add variety to your diet*
5. *Volunteer (find an opportunity at your local Eastern Star Chapter!)*
6. *Maintain strong family and social connections*
7. *Expand your thinking with new experiences*
8. *Write top 10 goals for this year and post them where you can see them daily*
9. *Make a commitment to fitness*
10. *Sign up for a birthday/anniversary reminder service*
11. *Schedule family time*
12. *Disregard other people's opinions*
13. *Reach your financial goals – or at least make an action plan so that you can*
14. *Get a new hairstyle or hair cut*
15. *Create an environment for fostering your success*
16. *Take daily steps towards achieving long term goals*
17. *Automate bill payments*
18. *Do something that scares you*
19. *Have gratitude*
20. *Clean out your closet and donate your old items to charity (need some ideas on where to donate? Check out our article in the last newsletter!)*
21. *Schedule a regular date night with your spouse or significant other*
22. *Say "Yes" when you want to say "No" and know when to say "No"*
23. *Lower your blood pressure*
24. *Add your own idea here!*
25. *Add your own idea here!*

When a family member is sick, it is easily overwhelming and difficult trying to navigate where to turn for help. Worrying about putting food on the table, caring for the loved one and how to remain strong are too much for anyone to bear. It is a pain and stress no one should have to encounter, but many do. And that is why the Worthy Grand Matron and Worthy Grand Patron's special project this year is the J. Clifford Lee Fund and Ethan & Teyler Totes. With the goal of helping our membership and our community, Eastern Star takes service to a new level.

Cancer affects everyone, whether you have fought it or helped someone else fight it. Being a member of Eastern Star means being a member of a family, and families take care of each other in all circumstances. J. Clifford Lee served California as Worthy Grand Patron in 1953. When he lost his battle with cancer, this fund was set up to honor his memory. Our goal is to assist members financially when their bills are sliding due to the ever increasing cost of cancer treatments. Please refer to the enclosed Foundation Brochure for more information, or call StarCARE at 800.567.2273 (CARE) to apply.

The other portion of this year's Special Project is Ethan & Teyler Totes. The program was originally created by a group of mothers who want to help provide for families, children, and infants of UC Davis Children's Hospital, UCSF's Intensive Care Nursery and UCSF's Benioff

Children's Hospital. These families are often not able to go home and pack the essential items needed. When in an emergency situation, their children are transported quickly to various hospitals. Some are close to home, and some quite far. Ethan & Teyler totes provide these essential items to help ease the stress of families who are already under emotional turmoil. Recently our Residents of the Senior Living Community participated in a day of service, where they helped pack totes to be delivered to those families in need.

Both of these programs are partially funded by members of the Eastern Star. Please keep this in mind as you are enclosing your donation with the envelope provided. Whether you are making a Ruth's Harvest donation (\$1,000 or more) or any amount, we are grateful for your support.

Ruth's Harvest \$1,000 or more!

Please fill out the enclosed envelope, and send it in, don't forget to affix a first class stamp. Or, if you would like to talk to someone personally about your gift, please call Emily Clark at 714.577.9281.

Grumpy Old Men ...

The perception of "Grumpy Old Men" seems to be a prevalent one that exists. But based on a recent study, it may not be accurate. The University of Warwick in the United Kingdom found that disposition improves with age.

The study looked at 10,000 individuals in both the UK and also the United States and found that happiness increases after middle age. Saverio Stranges, MD, PhD from the Warwick Medical School at the University of Warwick believes that increased happiness might be attributed to better coping skills among seniors.

Or, in our opinion older generations might be better at letting things go and realizing what truly matters. The research also found that those who were getting a good night's rest at 6 – 8 hours a night had better scores

both physically and emotionally.

Cozy up in a warm blanket with a good book. It's never too early to start on a good night's sleep!

Managing Stress ...

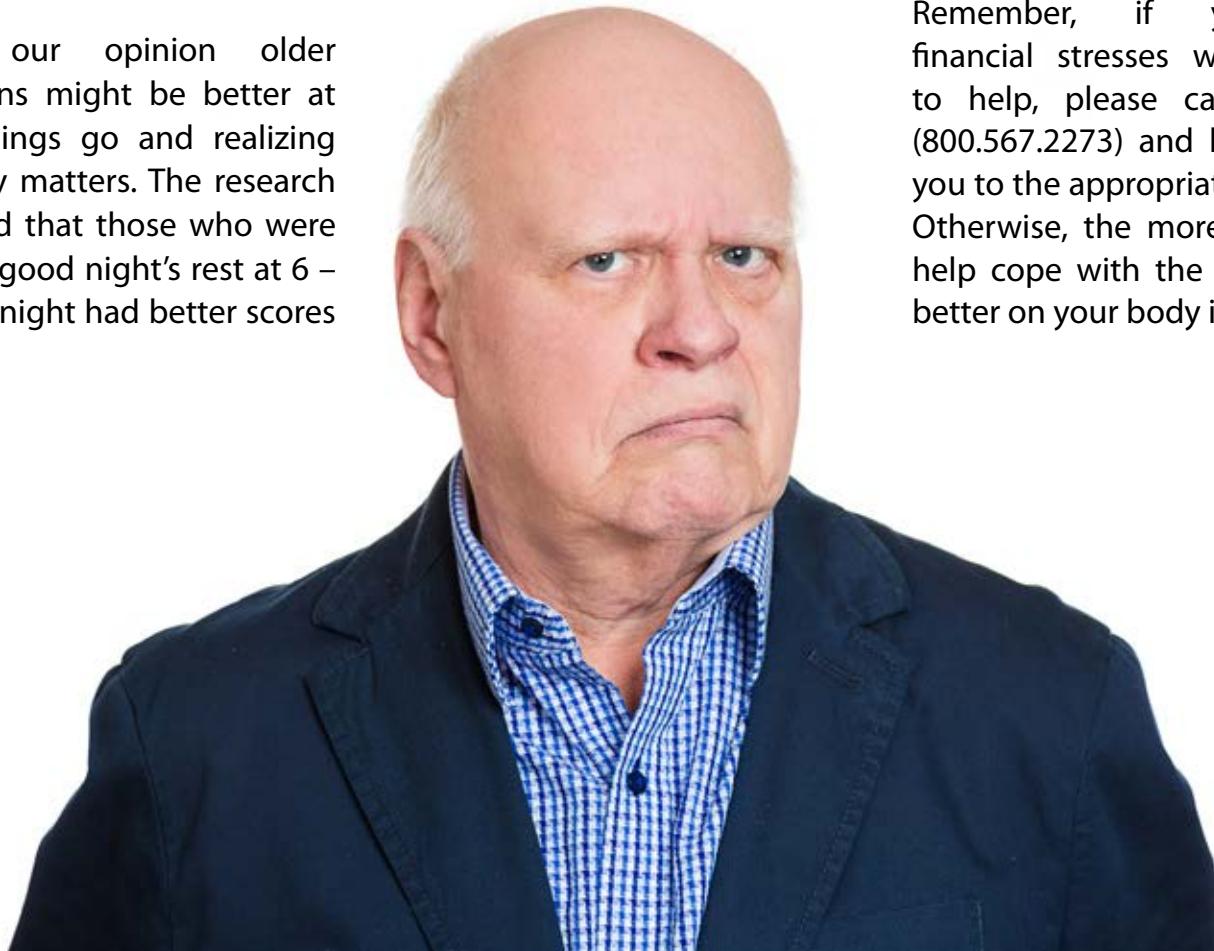

As much as we try to avoid it, stress happens. Whether it be work related or something happening at home, there is always something to worry about. Each person handles stress differently and some better than others. It can affect us emotionally, physically or intellectually.

Chronic stress can wear you down, but what are the signs? Depression, panic attacks,

constant worry, headaches, dizziness, exhaustion or shaking are just some of them. If you experience these symptoms, please contact a health professional.

There are many ways to deal with stress to help alleviate some of the effects on the body. Some of the things you can do are get enough rest and sleep (funny enough, it doesn't just help your mood like described above!), eat healthy and well balanced meals, try to stay positive, spend time with friends, manage time effectively and most importantly accept that some things just aren't in your control.

Remember, if you have financial stresses we are here to help, please call StarCARE (800.567.2273) and let us direct you to the appropriate resources. Otherwise, the more you do to help cope with the stresses the better on your body it will be.

from the desk of

Kim Cooke

The past few months have kept us on our toes!

Either the earth was shaking with earthquakes or we were adjusting to the varying weather temperatures; our residents have been prepared for every rumble. We have been focusing on disaster training to make sure that each resident is confident that they are secure and very well taken care of.

As things have begun to calm down, we keep in mind that change and unexpected events may be a challenge for anyone to deal with, and even more difficult for seniors. Our staff has diligently worked to help residents adjust to the changes and maintain their lifestyle of "gracious living."

With big events like these, we understand that it is not only important for our residents in our home to be well taken care of but also members of the Eastern Star. We have a variety of ways we strive to support each and every one of you.

Our Outreach Program recipients in the North and South, need our support just as our residents do. While Outreach has more receiving benefits in the North, any member in California is eligible and we are anxious to help this program thrive.

Members are also eligible for StarCARE. This program helps direct YOU to the resource YOU need. Whether it be the Benevolent Fund, Cancer Assistance, or Scholarship Funds (see enclosed Foundation Brochure for more information), we are here to help. We also can help direct you to the right resources for Medi-Cal, Medicare or for VA benefits including Dual Eligibility questions. Our staff is discrete and dedicated to getting you the aide you need.

As we all know, members are also eligible to move into our home in Yorba Linda. But what we may not all realize are some of the benefits:

- Cures loneliness – It is easy to become isolated when living on your own or it being more difficult to get around. Having the company of other people right outside your door is a huge advantage.
- Helps with Nutrition - Nutritious and tasty meals in a social environment, no cooking required! Eating alone can lead to poor nutrition because meals are meant to be shared. Plus we have a staff that ensures meals are well balanced and healthy.
- Stress free living - Home maintenance is taken care of. No more hiring repairmen, pulling weeds or worrying about replacing furnaces and hot water heaters.
- Transportation – We arrange transportation to local shopping and doctor visits. This increases independence for those who are no longer driving.
- Opportunities - Learn new skills and take on new challenges. This is perhaps the biggest and often unexpected advantage of independent living. Many people find new things to love and be interested in, surprising themselves and their families with new adventures, new learning and new creativity.
- Security – 24 hours a day staff onsite gives residents a feeling of security.

We are here to assist the membership of California Eastern Star. If you, or somebody you know is interested in admission to the Senior Living Community, or could benefit from the Outreach Program, please call our StarCARE Department at 800.567.2273 (CARE) or email information@easternstarhomes.org for more information.

With your help we continue to provide these great programs for our members of the Order of the Eastern Star, and our community. But, we need continued support. One way to help support us is to purchase a brick. We have brought back our Brick Program and have limited spaces left available. Funds raised go to the Benevolent Fund and directly to our home. The form is on the last page on the newsletter. Please also enclose your donation with the envelope provided. Each person we are able to help makes our organization stronger. The Million Dollar Club is growing and we need you.

We look forward to hearing from you,

Kim Cooke
Interim Executive Director

from the desk of
→ → →
Jim Whiteley

Your Board of Trustees has honored me with the privilege of serving as their President this year and it is an honor to work with them as we strive to make a difference in the lives of our members who have chosen to live in our beautiful Home and for those who look to our Outreach Program for assistance.

It is humbling to know that we are a small number of members who have been elected by you to represent you and being charged with the task of overseeing the welfare of our Senior Living Community. When we open our Board of Trustees Manual, the first thing we are greeted with is a charge for us as members of the Board. The following two sentences are portions of that charge:

"The Senior Living Community (SLC) for the Eastern Star in California is an outstanding leader in providing quality housing, care, and services to our senior members."

"As a member of the Board of Trustees, you need to keep the Senior Living Community fiscally sound, quality focused, and ready for the challenges of tomorrow."

The charge of keeping our SLC fiscally sound is a challenge in which all of us as members of the Order have to participate. If you review our Endowment Investment over the past ten years, you will see that our investment has seen minimal growth for that period of time. A major factor in the lack of substantial growth is the major downturns that we have experienced in the market over this period of time. In 2008, your Finance Committee and Board of Trustees made the decision to reduce our market risk by reducing our growth expectations. As a result, our Endowment Fund has been significantly more stable even though we have continued to experience some major downturns in the market. The other outcome of lowering our risk is that we have experienced the minimal growth of \$500,000 in our fund over the past six years after the necessary transfers have been made to support the SLC budget.

The charge of being ready for "the challenges of tomorrow" is an important task for your Board of Trustees and our Endowment Fund plays an important role in our readiness for the future. Some of the major factors that we have to consider are increases in the salaries and benefits for our employees, major maintenance and upkeep of our facility as it continues to age, and meeting the needs of our members as we continue to age and live longer. With the modern advances in health care, many of us will live longer and the need for more specialized care like dementia care will increase. These are just a few of the factors that will increase the need for more funds in the future. We ask you to help us grow our Endowment Fund so that we will be better prepared to meet "the challenges of tomorrow". Please consider going online and making a monthly or annual donation. Your consideration of this matter will be greatly appreciated. If you have any questions, contact Emily Clark, our Director of Charitable Giving at 714.577.9281 or eclark@easternstarhomes.org.

Our annual Summer Festival will be at the SLC on June 7th. This will be an all-day fun event with food, entertainment, an excellent car show, and many opportunities to purchase great bargains. The day will be topped off with a friendly dinner event and entertainment in the evening. This is a wonderful opportunity to visit our beautiful SLC, especially if you have never had the pleasure of making a visit. In addition, we will be holding our annual estate sale during the daytime events. We hope to see you there!

In closing, I want to express my gratitude and appreciation to our Sister Kim Cooke, Interim Executive Director, and her very hard working staff at the SLC, including our outreach staff for all that they have done to support our Home over these past few months of transition. Their passion for our Home and our residents who reside there is evident in every deed they accomplish.

*Jim Whiteley,
President
Board of Trustees
Eastern Star Homes of California*

**Tex-Mex
Quinoa Salad**
(provided by
SnuzzleMonkey)

1 cup quinoa
2 cups water
1 teaspoon kosher salt
1/4 cup fresh lime juice
2 tablespoons olive oil
1/8 teaspoon ground black pepper
1 (14 oz) can diced tomatoes with green chile peppers, drained
1 (14 oz) can garbanzo beans, drained and rinsed
1 bunch cilantro, chopped
2 avocados, cubed
1/4 cup crumbled cotija cheese

Directions

1. Bring quinoa, water, and salt to a boil in a saucepan. Reduce heat to medium-low, cover, and simmer until the quinoa is tender, 20 to 25 minutes. Meanwhile, stir together the lime juice, olive oil, pepper, diced tomatoes, and garbanzo beans. When the quinoa is done, stir it into the tomato mixture, then cool in refrigerator until cold, about 2 hours
2. When the quinoa is cold, fluff with a spoon, and gently fold in the cilantro, avocados, and cheese.

OES Heart Healthy Recipes!

(Photos and recipes provided by allrecipes.com)

Chocolate Crinkles II
(provided by Ingrid)

Recipe makes 6 dozen

1 cup unsweetened cocoa powder
2 cups white sugar
1/2 cup vegetable oil
4 eggs
2 teaspoons vanilla extract
2 cups all-purpose flour
2 teaspoons baking powder
1/2 teaspoon salt
1/2 cup confectioners' sugar

Directions

1. In a medium bowl, mix together cocoa, white sugar, and vegetable oil. Beat in eggs one at a time, then stir in the vanilla. Combine the flour, baking powder, and salt; stir into the cocoa mixture. Cover dough, and chill for at least 4 hours.
2. Preheat oven to 350 degrees F (175 degrees C). Line cookie sheets with parchment paper. Roll dough into one inch balls. I like to use a number 50 size scoop. Coat each ball in confectioners' sugar before placing onto prepared cookie sheets.
3. Bake in preheated oven for 10 to 12 minutes. Let stand on the cookie sheet for a minute before transferring to wire racks to cool.

Resident Highlight

It is not often we come across someone who has met so many influential people who have changed history. Joseph Morris, one of our 49 residents at the Senior Living Community has met Presidents of the United States as well as many great musicians – including Nixon, Ford, Carter, Reagan and even Elvis Presley. Working as the Maintenance Manager for both the Angel Stadium of Anaheim and the Anaheim Convention Center, Joe loved

what he did. It opened doors for him, and he made a lasting impression on the company. Upon his retirement, they asked him back four times.

His charismatic personality is one many enjoy here at the SLC. Joining the Masonic Order in 1949 and the Order of the Eastern Star in 1964, and just received his 50 year pin; he has a full resume. Serving as Worthy Patron 8 times, General Chairman, and Grand Sentinel, Joe still proves how important it is to be on the go. Here at the Senior Living Community, we strive to provide an individualized program where each resident can live life to its fullest, and Joe is certainly doing just that. He has created a strong social network here, and he enjoys being active and is usually found playing poker, card games, pool and bingo.

Self-proclaimed "daddy's girl" Barbara Miller's favorite memories are sledding down a hill with neighborhood children or attending football games with her father. She was raised in a Masonic home, and followed in her parents footsteps with joining the Order in 1947. Creating long lasting friendships have proven to be a vital role in her membership to the Eastern Star.

While serving as Worthy Matron, her father became Worthy Patron that same year and it created a stronger bond between the two of them. With close ties to the community here at the SLC, Barbara and her spirit, is a blessing to all of us. Our activities department works closely with each resident to make an individualized plan, offering many daily options for outings and in house fun. Through exploring these, it is easy to create strong friendships and relationships and continue to make an impact within the order.

Please take a few minutes and answer the questions below. Please insert your completed survey into the envelope provided and send it back to us (don't forget to affix a stamp). Your responses will help us gather needed information about the membership, how our goals and communications are perceived and help us to plan out our next steps!

1) Did you attend the SLC Festival of Trees?

- Yes
- No

2) Do you do social media? If so

- Pinterest
- Facebook
- Twitter
- Other: _____

3) Have you donated to the SLC/Eastern Star Foundation in the past year?

- Yes
- No

4) If so, have you considered making ongoing monthly donations?

- Yes
- No

5) What are you hoping to read in the newsletter?

- Chapter News
- SLC Updates
- Financial Information
- Messages from the Grand Family, Foundation Board & the Home Board
- Foundation Updates
- Other: _____

6) How clearly have we explained our fundraising goals?

- Extremely clearly
- Very clearly
- Moderately clearly
- Slightly clearly
- Not at all clearly

7) How likely are you to attend one of our fundraisers next year?

- Extremely likely
- Very likely
- Moderately likely
- Slightly likely
- Not at all likely

8) How would you like to receive ongoing communication from the SLC and Foundation?

- Newsletter
- Email
- Letters
- Phone Calls

9) Anything else you would like us to know?

The Foundation and the SLC are excited to announce: our Brick Project is back! With limited bricks available we want everyone to be a part of this long lasting legacy. This project benefits both the Benevolent Fund and the SLC. Enclose your brick order in the envelope provided (don't forget to affix a stamp!).

Due to minimum order restrictions, bricks will be ordered intermittently, so please be aware there may be several months between the time your brick is ordered and the time it is installed at the Senior Living Community. Bricks will be placed in a location approved by the Home. If you wish your brick to be placed in a group with others from your year, association, or Chapter, please send orders together and note on each order form. Please use a separate order form for EACH brick.
